DOT3 & DOT4 BRAKE FLUID pH TEST

Corrosion never sleeps!

Find the cause of corrosion before it creates an unsafe hazard or unnecessary breakdown and repair.

The brake fluid diagnostics is easy to use. It provides fast, reliable results to determine potentially harmful, unsafe or damaging conditions in less than a minute. The tests evaluate the brake fluid for boil point and corrosion protection. Identify the need for service and show the customer the result of the diagnostic so they can participate in the service decision. Build confidence in your diagnostics and build your top and bottom line.

ACUTEST®
DOT3 BRAKE FLUID pH TEST

Catch corrosion early!
Easy to use... dip, read at 30 seconds.
Dispenser provides for ease of use and minimizes spoilage.
