#### **About ACUSTRIP**

ACUSTRIP provides clients, (Automotive, Marine, Heavy Duty service providers, fleets, and consumers) with Dip-and-Read tests for the evaluation of their vehicle's fluids as an integral part of their preventative maintenance program. Consumers and service providers using ACUSTRIP diagnostics experience greater satisfaction in seeing the condition of their fluid systems On-the-Spot®. Customers can catch often-overlooked maintenance needs, making for fewer inconvenient breakdowns or service visits. Service Providers improve their level of service to their customers and earn more money per repair order with greater customer satisfaction.
